

KREATYWNY ENERGY POLSKA

100kWh Foldable Container for Wastewater Treatment Plants

Overview

Suitable for both municipal and industrial wastewater, they can handle projects of any size, treating wastewater from 50 to 20,000 people for sewage, or 1m³/hr to 250m³/hr for industrial wastewater. The system can achieve any required effluent quality for discharge, reuse. Biocell Water containerised wastewater treatment plants offer a fast and effective above ground portable wastewater treatment system solution for any site, without the need for any existing infrastructure. Containerized mobile treatment systems are ready to use immediately on delivery and cater. The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily transportable by land or sea, with minimal onsite installation required. They are ideal for remote locations, emergency response, or temporary needs, providing flexibility and convenience without compromising on treatment quality. Mobility, durability, and protection are all important features that we make sure to incorporate within our mobile water treatment systems, which also helps reduce long-term costs.

100kWh Foldable Container for Wastewater Treatment Plants
