# **100m photovoltaic panel lifting**

## Overview

---

This innovative tool enables you to lift solar modules to the roof with ease and precision, making installation faster, safer, and more efficient. With its compact design and simple operation, Module Lift is ideal for both residential and commercial solar installations. GEDA USA's is a leading solar panel lift distributor offering original Solarlift, also called a panel lift or PV panel lift, is an economical solution for the speedy and safe transport of photovoltaic and solar panels. Everyone can lift and tilt large solar panels, powered by vacuum technology. The device uses your existing fiberglass Werner or Louisville extension ladder. A pulley system is attached to the top of the ladder.
