# **37 solar power plants**

## Overview

---

Find a list of solar photovoltaic plants that are currently considered the largest on the globe. We have listed the ground-mounted utility-scale stations, which have already been connected to the power grid and are currently operating. Innovative Solar 37 LLC is ranked #17 out of 760 solar farms in North Carolina in terms of total annual net electricity generation. It has been developed in a single phase. Using the links provided to every project, you can get additional. Today's top solar projects are still nothing compared to what's on the way. The project is currently active.
