# **Address of the manufacturer of photovoltaic panels of Power Construction**

## Overview

---

Shanghai JINSUN New Energy Technology Co. is a renowned and highly respected manufacturer and agent of new energy equipment in China. This list highlights 25 significant photovoltaic power station construction companies, primarily headquartered in Europe and Asia. While many were founded in the last two decades, they vary significantly in size, with teams ranging from a handful to several thousand employees. We design, build, expand and maintain efficient, cost-effective solar energy facilities from the ground up, helping our clients meet growing needs for clean, sustainable power and ongoing energy conservation. We specialize in wind power generation systems, photovoltaic power generation systems, wind-solar hybrid power generation systems, battery energy storage. Also, please take a look at the list of 56 solar panel manufacturers and their company rankings. Here are the top-ranked solar panel companies as of February, 2026: 1. What Is a Solar Panel?
