

**KREATYWNY ENERGY POLSKA**

# **Battery Storage Cabinet High Temperature Type Operation Guide for Distributors**

## Overview

---

This document mainly introduces the site requirements, precautions, installation preparation, installation and connection of equipment and cables, inspection before power-on, methods and skills of power-on and system operation of intelligent lithium battery energy storage. This document mainly introduces the site requirements, precautions, installation preparation, installation and connection of equipment and cables, inspection before power-on, methods and skills of power-on and system operation of intelligent lithium battery energy storage. On behalf of everyone at Eaton, we thank you for partnering with us, for trusting us to maintain your business continuity and for preventing downtime at your facility. Our suite of backup power, power distribution and power management products are designed to protect you from a host of threats. Read these instructions carefully and look at the equipment to become familiar with it before trying to install, operate, service or maintain it. The following safety messages may appear throughout this manual or on the equipment to warn of potential hazards or to call attention to information that. System drawings and schematics are reviewed and clearly understood. This document provides useful guidance on your INTEGRITY Max Series UPS (referred hereafter to as UPS). You will find helpful information here on the UPS features, performance, appearance, structure, working principles, installation, operation. This comprehensive guide explores what defines a reliable battery storage solution, why battery hazards occur, and how different design features—such as ventilation, leak containment, and fire resistance—support safer workplaces. Product Description Product Introduction PowerTitan is mainly used in large and medium-sized energy storage power plants of the number of.

## Battery Storage Cabinet High Temperature Type Operation Guide for

**Outdoor Cabinet BESS**  
50 kWh/500 kWh Battery Storage System  
Industrial and Commercial Energy Storage

-  **All In One**  
Integrating battery packs
-  **Intelligent Integration**  
integrated photovoltaic storage cabinet
-  **High-capacity**  
50-500kWh
-  **Rated AC Power**  
50-100kW
-  **Degree of Protection**  
IP54
-  **Altitude**  
3000m(>3000m derating)
-  **Operating Temperature Range**  
-20-60°C(Derating above 50 °C)

### Operation manual

Please observe the operation sequence and safety precautions given in this manual and other related documents, and standardize the operation:
