

Brazil energy storage container factory is in operation

Overview

Brazil's push to integrate energy storage into its power system is moving from pilot deployments toward industrial scale, with WEG confirming plans to build a dedicated battery energy storage systems manufacturing plant in Itajaí, Santa Catarina, backed by 280 million reais in. Brazil's push to integrate energy storage into its power system is moving from pilot deployments toward industrial scale, with WEG confirming plans to build a dedicated battery energy storage systems manufacturing plant in Itajaí, Santa Catarina, backed by 280 million reais in. WEG announces the construction of a new manufacturing plant dedicated to the production of battery energy storage systems (BESS) in Itajaí, Santa Catarina. Construction is expected to be completed in the second half of 2027. The company aims to serve both the large-scale storage market and the commercial and industrial (C&I) segment. We energized the country's first project in 2022 at the Registro Substation (SP), one of the facilities responsible for supplying electricity to the southern. SÃO PAULO, Aug. TENER Stack—currently the world's first stackable, 9MWh. Brazil's federal government will launch its first major battery energy storage system (BESS) tender in April 2026, targeting 2 GW (~8 GWh) of capacity and mobilizing over USD 2 billion in procurement. The auction presents significant opportunities for U. suppliers of batteries, smart-grid.
