Overview

Initial franchise investments start at \$35,000, offset by potential savings of \$95,753 for customers over 25 years. Look for partners with strong market presence and extensive support services. While competition and regulatory challenges exist, federal tax incentives boost. To profit from a solar photovoltaic franchise, consider these aspects: 1. Focus on quality customer service. Why Choose a Solar Panel Franchise?

Entering the solar energy market independently demands significant investment in infrastructure, expertise, and brand development. If you're wondering what it takes to start your own solar. Solar accounted for more than 60% of all new electric generating capacity added to the grid in 2024—more than any other energy source and the highest share in Solar's history.
