

KREATYWNY ENERGY POLSKA

Chint Solar Support Service First

Overview

The Customer Service Center provides service hotline and network message 24 hours a day, seven days a week, with both local and global coverage. The customers can contact us at any time anywhere. We have professional and experienced technical personnel to respond on a timely. Our tagline is “Value” – we think value creation starts at the early stages of design with thoughtful application engineering. Then, we aim to make product implementation as easy and fast as possible. Our goal is to be on site with you for every commissioning event for smooth turn-on and approvals. CPS global customer service center initiates its official debut on 1st September, 2010 to provide 7X24h service and support for customers, including relative business consultation, technical support, project cooperation, spare parts supply, complaints and suggestions, etc. Your satisfaction is our persistent pursuit, your trust is our eternal driving force. How can we help you?

Download new and previously released documents including product document, solutions. First Solar, known for its advanced thin film PV modules, recommends its customers to use PID mitigation solutions in ungrounded PV systems to mitigate the potential risk and ensure long-term performance of PV assets. An inverter converts DC electricity from solar panels into AC electricity for use at the grid point.
