Community Microgrid Initiative

The Clean Coalition's Community Microgrids are designed to provide indefinite, renewables-driven backup power to critical facilities. Our Community Microgrid Initiative will provide a standard ...

Lighthouse network expands, as St. John Parish opens Louisiana's

As St. John, the nation's most climate-vulnerable place, opens the state's seventh Community Lighthouse, other struggling communities try to fight LNG export terminals and open ...

Community Microgrids

Why We Need Community Microgrids
The Value-Of-Resilience
Transitioning Our Energy System
Key Stakeholders For Community Microgrid Success
It's time to modernize our energy system and move it into the present. What worked in the past is no longer viable. Our centralized power grid is so last century, as our friends at the World Business Academy explain in this excellent video: The future is here -- in the form of Community Microgrids. See more on clean-coalition
Missing: st. john's
Must include: st. john's
