

Does the battery pack warranty include the inverter

Overview

Hybrid-Related Component Coverage: Hybrid-related components, including the hybrid battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The hybrid battery may have longer coverage under the Emissions Coverage. Refer to your. An EV battery warranty is a promise from the manufacturer that your battery will maintain a certain level of performance for a set period of time. This coverage is separate from the general vehicle warranty and applies only to the battery pack. This Limited Warranty applies to new PowerDrive 7000 (PD7000) 2020/01, 2021/01, 2021/02 and 2022/01 Battery Electric Systems sold by Cummins and delivered to the first owner on or after. Do battery warranties include labor and shipping?

Solar battery warranties can be as complex as they are critical. With each manufacturer offering different terms, coverage options, and fine print, comparing your options apples-to-apples can feel impossible.
