Dominican New Energy solar Panel Manufacturer

Overview

ACCIONA Energía and Grupo País develop a 63.35MW solar power plant in the Dominican Republic, optimizing energy production and reducing CO2 emissions. Located in the province of San Juan de la Maguana, the Pedro Corto solar plant will be operational in 2025. ACCIONA Energía announced today the development of a new photovoltaic project in the Dominican Republic, the Pedro Corto solar plant, in collaboration with Grupo País. It is pursuing an active policy to deploy renewable energies, with the objective to reach 30% penetration of renewable energies in the grid by 2030.

Dominican New Energy solar Panel Manufacturer
