## Dongshun Solar Power Generation

---

### China's desert 'super mirror' power station looks like a sci-fi blockbuster

Near the western edge of the Gobi Desert, Dunhuang in Gansu Province is home to an innovative solar energy project. The Dunhuang 100-megawatt power plant stands out as the world's ...

---

### Dunhuang's first 100MW molten salt tower solar-thermal power station

From the end of 2023 to the beginning of 2024, the high-pressure cylinder of the steam turbine will be replaced to promote the matching of the power generation island with the solar island and the energy ...

---

### China Starts First Gigawatt-Sized Offshore Solar Power Project

(Bloomberg) -- China started generating power from its first gigawatt-level offshore solar project in the eastern province of Shandong. The massive open-sea photovoltaic plant made its first ...

---

## Green Energy Development:

## Exploring China's largest photothermal power

This is China's largest photothermal power station. Located in the suburbs of Dunhuang city in the northwestern province of Gansu, it boasts a massive one-hundred-megawatt installed ...

## "The Desert Sunflower": Dunhuang's Concentrating Solar-thermal Power

This power plant is so enormous that you can see it clearly from 10 kilometres away. Dunhuang's average annual sunshine reaches 3,246 hours, making it a perfect spot for China to build the largest ...

## Dunhuang, a new frontier for green energy

This represents the current largest-scale, tallest solar tower, and continuously power-generating facility in China--the Shouhang Dunhuang 100 MW CSP molten salt power plant.

## Power of Dunhuang: Gardening steel 'sunflowers' in the Gobi Desert

Dunhuang was chosen to be the home of this large-scale solar thermal power

station because of its abundant sunlight resources. Meanwhile, the city's booming tourism industry also ...

### **Archimedes' mirrors and dawn of a new energy age in ...**

The Dunhuang solar plant produces enough green electricity each year to power local households, freeing them from coal dust.

### **Exploring China's largest photothermal power plant in Dunhuang**

It's home to the nation's largest photothermal power plant, capable of storing solar energy for uninterrupted power supply. The power plant boasts a massive 100-megawatt installed ...
