Get unlimited free shipping in 164+ countries with desertcart Plus membership. To locate a reliable supplier in China, utilize industry websites, attend trade exhibitions, and seek referrals from industry experts. They provide a centralized location for controlling and distributing electricity to various circuits in the building. is a high-quality electrical protection device, engineered to enhance the safety of your electrical systems. Also known as a Ground Fault Circuit Interrupter (GFCI), this device detects leakage current between live and neutral conductors, providing life-saving protection. Faster, more cost effective installation to meet code requirements compared to installing an AFCI breaker and GFI receptacle. For use on Siemens load centers that accept UL type QFGA2 breakers.
