Overview

The HotSpot engineering team created the world's first DC solar air conditioner in 2007 and has led the world in solar AC design and quality manufacturing for more than 10 years. We are pleased to offer our 5th generation solar AC, the model ACDC12C. Founded in 1970, Coolair brings over five decades of expertise in the supply, installation, servicing, and maintenance of HVAC systems across Ireland. We provide energy-efficient and cost-effective climate control solutions for businesses of all sizes. Like previous versions, it also needs no batteries, no inverter, no charge. Get your custom Solar system design from our Clean Energy Specialists, created with advanced 3D mapping technology, featuring a detailed solar package with pricing, product specifications and accurate savings. Save upto 70% on commercial, industrial & domestic heating bills.
