# **Egypt thin film solar glass power generation**

## Overview

---

Egypt's solar energy sector is shining brighter than ever. With ambitious renewable energy goals and vast desert landscapes, the country has become a hotspot for photovoltaic (PV) glass projects. This article explores how land transfer processes for solar glass. A Chinese company will reportedly invest \$700 million to establish a solar panel glass manufacturing facility in Egypt. Hong Kong-listed Xinyi Glass will develop the project in the Suez Canal Economic Zone in two phases, the Egypt Today newspaper reported. The facility is expected to produce 1.755 billion yuan (\$247 million). Waleid Gamal El-Dien, Chairman of the General Authority of the Suez Canal Economic Zone (SCZONE), witnessed this morning the foundation stone ceremony for the project of the Chinese company "CNG Egypt New Energy Glass" affiliated with "China Glass Holding", in the Sokhna Industrial Zone, within. After JA Solar and EliTe Solar announced their manufacturing plans for the country, now Kibing Solar is reportedly planning a solar glass manufacturing factory in Egypt.
