

KREATYWNY ENERGY POLSKA

Electricity market malaysia

Overview

The electricity sector in Malaysia strictly comprises three separate systems, each with their own generation, transmission and distribution networks: one for Peninsular Malaysia, one for Sabah and the adjacent Federal Territory of Labuan, and one for Sarawak. Regulators At a policy level, the electricity sector in Malaysia mainly falls under the purview of the (PETRA), with some functions taken up by the Energy Division of the. The Malaysian electricity market currently operates as a (i.e. a "single-buyer market"): utilities are the only bodies permitted to transmit and distribute electricity to end-users (i.e. the only "buyers"). • Kinloch, Robert F. (June 1966). *Annals of the Association of American Geographers*. 56 (2): 220–235.
