

KREATYWNY ENERGY POLSKA

Enerdrive lithium batteries for caravans

Overview

Enerdrive | Dometic's range of B-TEC Lithium Iron Phosphate (LiFePO₄) slimline and standard batteries provide reliable, long-lasting power for any adventure or demanding application. Known for their reliability, fast charging capabilities, and extended lifespan, these batteries offer superior. Dometic Mobile Power Australia was founded in 2008 as Enerdrive. They were the first in Australia that strived to create an industry-wide complete 'One Brand Mobile Power' solution developed. Power your adventures with Enerdrive, Australia's trusted brand for off-grid caravan power systems and 4WD lithium battery setups. Enerdrive's innovative solutions are ideal for caravanners, RVers, and remote travellers needing reliable energy storage and conversion for appliances, lights, fridges. True, there are battery packs that will allow you to keep your drinks cool in a portable fridge over a long boating, camping or fishing weekend, but none that will stay frozen longer. Oddly, there are no fully-packaged portable auxiliary batteries of this type on the market - or none that I could. Get the best deal on Enerdrive Lithium B-TEC LITHIUM BATTERIES Available in 12v 100Ah, 125Ah and 200Ah capacities, the ePOWER B-TEC lithium battery is designed and intended for use in deep cycle applications where a single battery is required that meets the amp hour capacity. Many thanks and greatly appreciated.
