## Finland 125MW Energy Storage Project

---

### Finland's Largest Battery Storage: Hitachi Energy's 125MW Haapajärvi

Hitachi Energy will supply Finland's largest 125MW battery storage system for Alpiq in Haapajärvi, scheduled for mid-2027, to bolster grid stability and support the nation's energy transition.

### Hitachi Energy to deliver power conversion solutions for Finland's

Switzerland-based energy company Alpiq is building the 125 MW / 250 MWh facility to support Fingrid's reserve market and help balance fluctuations in energy production and consumption.

### Alpiq snaps up 125-MW battery project in Finland , Energy Storage ...

Swiss power producer and energy services provider Alpiq announced the acquisition of a 125-MW battery storage project in Finland and said it would make more investments in the European ...

### Hitachi Energy powers Finland's

## battery project

Hitachi Energy powers Finland's battery project Advanced power conversion technology will support a 125 MW energy storage site in Haapajärvi, helping stabilise Finland's electricity grid ...

### Hitachi Energy to Power Finland's Largest Battery Storage System

Switzerland-based energy company Alpiq is building the 125 MW / 250 MWh facility to support Fingrid's reserve market and help balance fluctuations in energy production and consumption.

### Finland: Hitachi Energy to Supply Converters for 125MW Haapajärvi ...

Hitachi Energy has secured a contract from Nordic Electro Power (NEPower) to provide advanced power conversion equipment for Finland's largest battery energy storage system (BESS), ...

### Hitachi Energy and NEPower to equip Finland's

Hitachi Energy has secured a contract from Nordic Electro Power (NEPower) to deliver advanced power conversion solutions for Finland's largest battery

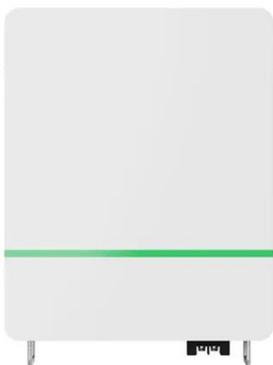

energy storage system (BESS), ...

50KW modular power converter

## Haapajärvi, Septem- NEPower and Alpiq have ...

The Haapajärvi energy storage project represents a major step forward for NEPower in achieving its strategic goals and is a strong indication that Finnish expertise is highly trusted across Europe.

## Hitachi Energy supplies PCS to Finland's largest BESS

Finland's largest battery energy storage system (BESS) to date will need to cope with "especially challenging" operating conditions and stringent and evolving grid code requirements.

## Strategic focus on flexibility: Alpiq acquires a 125 MW BESS , Alpiq

The 125 MW battery energy storage system (BESS) in the municipality of Haapajärvi, Finland, is scheduled to be

commissioned in 2027. The project was developed by the Finnish ...
