# How many watts is the 1p67 waterproof solar light

## Overview

---

LED 200 watt solar powered flood light is controlled by upgraded remote control with a distance up to 25 feet, for auto modes, gradient mode, full bright mode, half bright mode, three, five, and eight hours timing mode. Cordless and easy Installation. Adjustable wall mount. The wattage of a solar floodlight, specifically the IP67 model, can vary significantly depending on several factors, including the manufacturer, design, and intended application. Built in lithium iron phosphate battery, which offers high temperature resistance and long lifespan. IP67 waterproof rated for trouble free outdoor installation in all weather. Dominate the darkest environments with the TG04-400W PLUS, featuring 341×5730 LED chips and a 6V 35W monocrystalline panel for true 400W output. ☀️☀️Brighter and More Energy-efficient☀️200W outdoor solar lights with design of lens and 4-in-1 lamp bead, totally 520 LED lamps which increase the brightness and light range and makes the light shine more evenly to every place.
