How much is the photovoltaic panel 1a

Overview

Based on our 2025 survey of 1,000 solar customers, the national average price for a single solar panel professionally installed is $1,200. This means most full-size systems of between 20 and 30 panels cost between $24,000 and $36,000. Solar panels can lower your electricity bill by 75% or more, but the upfront investment is significant. 50 per watt of installed capacity (more on price per watt below). However, it's important to note that this is a rough estimate, and prices can vary significantly based on the factors mentioned above. Department of Energy (DOE) Solar Energy Technologies Office (SETO) and its national laboratory partners analyze cost data for U.
