# **Huawei Ireland Energy Storage Battery Factory**

## Overview

---

We are at the forefront of developing battery systems, supporting the decarbonisation of Ireland's electricity system. As commercial solar adoption accelerates, Huawei's hybrid cooling energy system offers high efficiency, safety and reliability for commercial and industrial energy systems. With energy prices on the rise and mounting environmental obligations, Irish businesses are seeking reliable and future-proof. Since its arrival in 2004, Huawei's activities in Ireland have developed from supplying mobile phones, building Ireland's first national fixed wireless network, and providing fibre optic broadband technologies, to being at the forefront of digital transformation and smart energy to meet our.
