

KREATYWNY ENERGY POLSKA

Hubi off grid solar system

Overview

The Solar Technology Hubi Go 10K is the ultimate portable solar power system, designed to deliver reliable energy wherever you need it. Whether that's under canvas on a camping trip, relaxing in a glamping pod or summer house or working in your shed, these plug and play kits are up and running. Need to harness the sun's power?

Check out our range of solar panels and kits to keep your devices charged in an efficient and environmentally-friendly way. A solar panel generates direct current (DC) electricity from sunlight. However, most household and commercial electrical systems operate on. Introducing a reliable and robust Solar Hub to provide illumination and power where no grid power exists. Ideal for Caravans, Camping, Fishing, Sheds, Greenhouses and anywhere you need light and power.
