Industry classification of solar power generation

Overview

NAICS Code 221114 is a North American Industry Classification System (NAICS) 6-digit code that defines a "National Industry" for Solar Electric Power Generation. This U S industry comprises establishments primarily engaged in operating solar electric power generation facilities These facilities use energy from the sun to produce electric energy The electric energy produced in these establishments is provided to electric power transmission systems or to. This U. federal statistical agencies use to categorize business establishments for collecting, analyzing, and publishing economic data.

Industry classification of solar power generation

NAICS 221114

NAICS Code 221114 is a North American Industry Classification System (NAICS) 6-digit code that defines a "National Industry" for Solar Electric Power Generation.

Solar Power Generation Industry Profile from First Research

Current, comprehensive coverage of the Solar Power Generation Industry. Includes: industry forecasts, trends, financial information & detailed analysis. Updated 11/24/2025.

North American Industry Classification System (NAICS) U.S. Census ...

This U.S. industry comprises establishments primarily engaged in operating solar electric power generation facilities. These facilities use energy from the sun to produce electric energy.

NAICS Codes for solar

This U.S. industry comprises establishments primarily engaged in operating solar electric power generation facilities. These facilities use energy from the sun to produce electric energy.

NAICS 221114 Glossary , Solar Electric Power Generation , G2X

NAICS 221114 Solar Electric Power Generation covers establishments primarily engaged in operating solar electric power generation facilities and supplying the electricity produced to transmission or ...

Solar Power Industry Overview , Umbrex

This overview of the solar power industry covers the segment of industry participants, customer segments, suppliers, value chain, industry concentration, competitive strategies, trends, and a list of ...
