KREATYWNY ENERGY POLSKA

Ireland Cork Communications Off-Grid Energy Storage Project

Overview

The Electricity Supply Board has opened a new major battery plant at its Aghada site in County Cork. The project will add 150MW (300MWh) of fast-acting energy storage to provide grid stability and deliver more renewable power to Ireland's electricity system. ESB partnered with Fluence and Powercomm Group to deliver this project. The South Wall Battery Energy Storage System went live in 2023 and has the capability of providing 30MW of fast-acting energy storage.

Ireland Cork Communications Off-Grid Energy Storage Project

Ireland: ESB officially opens its latest battery storage project in Co

This battery energy storage system (BESS) project is the latest in ESB's pipeline of projects delivered at sites in Dublin and Cork which are part of its investment of up to EUR300m in the ...
