

KREATYWNY ENERGY POLSKA

Mexico Photovoltaic Battery Energy Storage Exhibition

Overview

From March 5-7, 2025, LuxpowerTek showcased its latest energy storage solutions at RE+ Mexico 2025. The event took place at Expo Guadalajara, Jalisco. The name “Intersolar” stands for an international approach to promoting and showcasing innovative solar technologies, highlighting the global orientation of the event. RE+ México 2025 drew more than 8,500 attendees to Expo Guadalajara, with optimism driven by pending energy reforms and a new storage ruling in the country. The sixth edition of the RE+ Mexico photovoltaic and energy storage trade show, formerly known as Solar Power Mexico, wrapped up earlier this. Solar Storage Mexico is the first exhibition and conference specialized in the energy and solar technology segment, a business with growth rates of over 25% and an expected investment of over USD \$100 billion in renewable energy by 2031. This new stage will be key in setting the course for the renewable energy future of our country.

Mexico Photovoltaic Battery Energy Storage Exhibition
