

KREATYWNY ENERGY POLSKA

Norway s large-scale energy-saving energy storage equipment

**SUPPORT REAL-TIME ONLINE
MONITORING OF SYSTEM STATUS**

Overview

Arva AS has ordered three mtu EnergyPack battery storage systems to maximize energy utilization at Senjahopen and Husøy. The battery package on Husøy, with a capacity of 2,718 MWh, will be Norway's largest battery of its kind. Renowned for its extensive hydropower infrastructure, the country utilizes reservoirs as dynamic energy stores, harnessing surplus electricity during low-demand periods. It is with great pleasure that BOS Power together with Rolls-Royce Solutions Berlin (RRSB) will deliver Norway's largest battery energy storage system (BESS) to the Smart Senja project at Senja in Northern Norway.

Norway s large-scale energy-saving energy storage equipment
