## Overview

---

Discover E-abel's custom UL-certified solar battery storage cabinets with NEMA 3R enclosures, designed for U. solar engineering projects. Top name brand, high performance off grid and battery backup solar systems and wholesale discount pricing to both homeowners and contractors. Shop. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is. The cabinet save time on-site and provide the customer with a neat, safe enclosure for their solar system installation. Every component weighs  $\leq 100$  lbs for effortless DIY handling and installation.
