

**KREATYWNY ENERGY POLSKA**

# **Pakistan polycrystalline solar panel wholesale price**

## Overview

---

In Pakistan, the average solar panel price per watt ranges between PKR 35 to PKR 60, depending on the brand, technology (monocrystalline, polycrystalline, thin film), and panel wattage. Prices may vary based on local availability, import duties, and installation location. However, polycrystalline panels remain popular for large-scale projects where cost-effectiveness is a priority. The wholesale pricing of solar panels in Pakistan varies depending on capacity and type: These ranges reflect. Want the latest solar panel price in Pakistan?

We check the market every day, so you get fresh rates everyday. Also, you can compare Jinko, Longi, Canadian Solar, and other brands for 3kW, 5kW, and 10kW systems. The competition among suppliers keeps prices relatively low. Ensure that the panels are suitable for the humid coastal climate of Karachi.
