Philippines hydropower energy storage project construction

Overview

MANILA, Philippines — Filipino-Korean firm Coheco Badeo Corp. is finally pushing ahead with its proposed P64. 3-billion pumped-storage hydroelectric (PSH) facility in Benguet, a project long delayed by the pandemic. Engineering consultancy SMEC has been appointed as Owner's Engineer for Phase 2 of the 600MW Wawa pumped storage hydropower project in Rizal Province, Philippines. The project, led by Olympia Violago Water & Power, Inc. (OVWPI), a subsidiary of Prime Infrastructure Capital, Inc. The 500-megawatt Kibungan PSH Power Project is planned along the Amburayan River in. SN Aboitiz Power (SNAP), a joint venture between Scatec ASA and Aboitiz Renewables, has reached financial close for the 40 MW Binga (phase 2) and 40 MW Ambuklao battery energy storage systems (BESS). The project is expected to boost both grid reliability as well as renewable energy integration across the Northern Luzon region.
