Overview

What is the HS code of solar panels?

The HS code for solar panels is 8541. Specifically, this categorization includes modules, panels, and solar cells that convert solar energy into usable. Export photovoltaic Components are a promising trade activity, especially in the context of the accelerating global energy transition. Combined with the latest international trade information in 2025 (such as HS code confirmation, Tax Rebates Adjustments, tariff developments, and quality-standard. The items concerned are solar panels (model #'s, HC 108 - 400 to 410 Watts, HC 144 - 450 to 460 Watts, HC 120 - 450 to 460 Watts, and HC 144 - 550 to 560 Watts). These solar panels are manufactured in Mexico from both domestic and foreign sourced materials/components. diodes, transistors, semiconductor-based transducers"; photosensitive semiconductor devices, incl. photovoltaic cells. Alongside, we help you get detailed information on the vital Photovoltaic panels export import data that encompasses HS codes, product descriptions, duty, quantity, price, etc.

Photovoltaic panel hs code query

HS Code for solar panels

By clicking "Find Related HS Code" button above, you can find 6 digits universal HS Code (which is valid for almost all countries in the world) and declarable codes for EU, UK, USA, Japan, China, India and ...

What is the HS code of solar panels?

What is the HS code of solar panels? The HS code for solar panels is 8541.40, encompassing various types of solar photovoltaic devices, along with their components. Specifically, ...

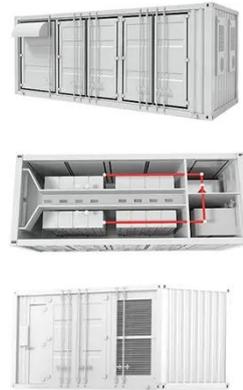

Harmonized Tariff Schedule

Search for tariff information on photovoltaic products in the Harmonized Tariff Schedule.

Photovoltaic panels HS Code for Export & Import

HS Codes for imported Photovoltaic panels classify products in international trade, ensuring smooth customs clearance and accurate duty calculation. At Seair Exim Solutions, we help you identify the ...

HS Code for Solar Panel

Find comprehensive Solar Panel - Module and PV Module HS codes for international trade and customs classification with tariff codes for import-export compliance

Photovoltaic Components Export Guide: HS Codes, Declaration ...

Combined with the latest international trade information in 2025 (such as HS code confirmation, Tax Rebates Adjustments, tariff developments, and quality-standard requirements), we ...

HS Code "photovoltaic" Search results (21)

Search in the current year.

LFP12V100

Customs Ruling NY N338270

As noted above, the solar panels will be classified in 8541.43.0010, HTSUS.
