

Price list for off-grid solar containerized single-phase lighting for urban lighting

Overview

Our LED solar Lights offers complete off-grid functionality and eliminate the need for complex wiring and cable trenching. Browse our selection below or talk with one of our lighting experts for a professional lighting layout or bulk contractor pricing. Sun-In-One™ engineers and manufactures efficient LEDs, Security Lighting and Solar Power Kits for everyday uses that match on-grid reliability, safety, and security. Our kits include solar sign kits, security cameras power, shed lighting & power, shipping container lighting, bus shelter lighting. Choose Hybrilux for the most reliable and safest solar lighting systems on the market. Just mount the solar panel on the roof, mount the enclosure to an inside wall, and attach the LED light to a rafter. The lights will be a string of 4 DC LED A bulbs which operate on a timer switch.
