Quote solar container battery replacement cost

Overview

As of early 2025, the average cost to install a home solar battery in the U.S. ranges between \$9,000 and \$18,000 before incentives. Switch to solar with a system built for you. Some smaller batteries cost just a few hundred dollars, while premium systems can exceed \$30,000. The final price depends on what you buy and who. But one of the first questions homeowners ask is: how much does a solar battery actually cost in 2025, and what will change in 2026?

The answer depends on the size, type, and brand of battery you choose, as well as where you live and what incentives you qualify for. Why trust EnergySage?
