## Overview

---

As a specialized BIPV manufacturer and supplier, we offer a comprehensive range of products, including transparent solar panels, clear solar panels, transparent solar modules, and solar roof tiles. We invite you to our exhibition center in Riga, where we present a groundbreaking solution in the field of roofing - eTile solar tiles. As a leading distributor of roofing materials in the Baltic countries, we are proud to bring to market a technology that changes the face of contemporary. Solar Tiled Roof™ combines solar and roofing functionality into a perfect energy production system without compromising the visual appearance of your home. The building-integrated modules for tiled roofs interlock with nearly all flat concrete and clay tiles, leaving your home as beautiful as it. Please consult STR representatives to navigate the decision-making process. Solar tile, which combines solar panels and roof tiles, integrates photovoltaic and architecture. Our custom design capabilities ensure seamless architectural integration while maintaining 15-23%.

## Riga Customized solar Tile Manufacturer

---
