

KREATYWNY ENERGY POLSKA

Romanian energy storage equipment manufacturer

Overview

PRIME is the only Romanian company producing Li-ion batteries and energy storage systems, with a notable presence in various sectors such as industrial, automotive, maritime, and large-scale BESS. Prime Batteries Technology, a leading Romanian battery manufacturer, has achieved a major milestone by securing a spot in BloombergNEF's prestigious Tier 1 list of top global energy storage equipment producers. This marks the first time a Romanian company has entered this elite ranking. PRIME is a prominent manufacturer of advanced energy storage solutions, focusing on Lithium-ion batteries and customized battery packs. Their commitment to innovative technologies and sustainable practices positions them as a key player in the energy storage industry, providing cost-effective and. In an accelerating investment wave, companies in Romania are combining BESS with solar power, hydropower and wind power, or building standalone energy storage facilities. Power, Hidroelectrica, Engie and more big names.
