Solar Panel

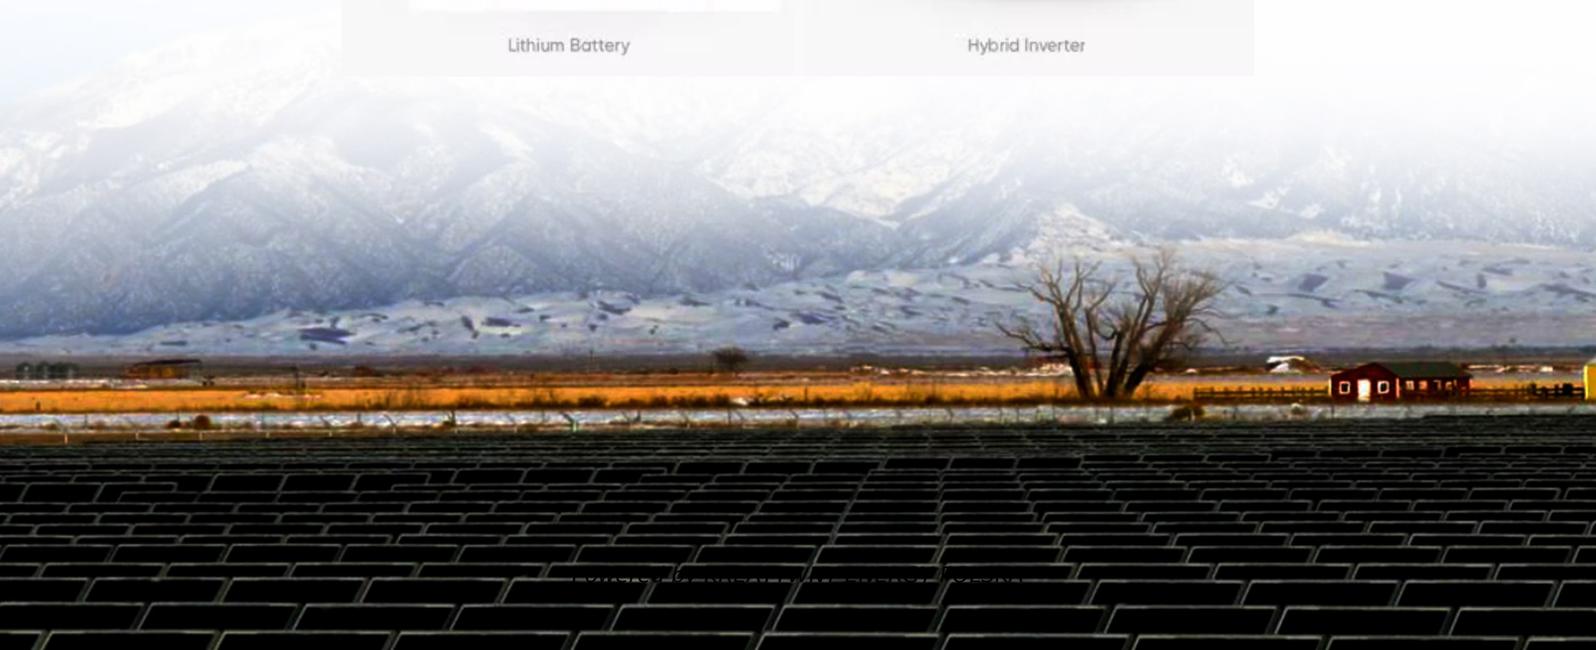

PV Combiner Box

Lithium Battery

Hybrid Inverter

Overview

Typical system prices and monthly energy production for 1 kWp, in Saint Lucia, range from US\$3000 to US\$4500 and around 125kWh. Prices for solar PV systems are constantly dropping. We offer mounting on various types of roof, as well as standalone PV systems, one year free maintenance and service, and free estimates. We appreciate all your support and patience and for allowing us to continue to serve. We deliver trusted solar solutions that lower costs, reduce carbon emissions, and power a cleaner Caribbean future. Founded by a Saint Lucian renewable energy. iCarib is a Saint Lucia based company that offers high quality solar power technology, both for electricity production as well as for hot water supply to all private households and commercial entities who want to support a sustainable lifestyle and cut electricity costs at the same time. Battery-backed solar systems provide: "Solar+storage adoption in the Caribbean grew 22% YoY in 2023" - CARICOM Energy Report EK SOLAR.
