

# Solar Power Generation NDRC Documents

**Scooter battery**

The battery is installed in the pedal

**Built-in battery in car beam**

The battery is installed in the car beam

**Pack the battery in the box**

This the battery installation box, replace the battery core without changing the shell

**Ebike battery**

## Overview

---

On Aug, China's National Development and Reform Commission (NDRC), the Ministry of Finance (MoF), and the National Energy Administration (NEA) jointly issued the “ Notice on Full Coverage of Renewable Energy Green Power Certificates to Promote Renewable Energy Electricity. On Aug, China's National Development and Reform Commission (NDRC), the Ministry of Finance (MoF), and the National Energy Administration (NEA) jointly issued the “ Notice on Full Coverage of Renewable Energy Green Power Certificates to Promote Renewable Energy Electricity. On February 9, China's National Development and Reform Commission (NDRC) and the National Energy Administration (NEA) jointly issued a document No. This document is a directive aimed at deepening the market-oriented reform of electricity pricing for renewable energy. The policy marks a turning. On Febru, China's National Development and Reform Commission (NDRC) and the National Energy Administration (NEA) jointly issued the Notice on Deepening the Market-Oriented Reform of New Energy On-Grid Electricity Prices to Promote High-Quality Development of New Energy (hereafter. From 2026, China has announced that the price of electricity generated from solar and wind schemes will be determined according to competitive auctions. 136) (hereinafter referred to as "Document No. At the end of 2024, global CSP capacity reached approximately 7 GWac, with virtually all installed CSP capacity (three projects, totaling 250 MWac) located in China.
