# **South Sudan 6 000-acre energy storage project**

## Overview

---

A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is expected to provide electricity to thousands of homes. The Juba Solar Power Station is a proposed 20 MW (27,000 hp) solar power plant in South Sudan. The solar farm is under development by a consortium comprising Elsewedy Electric Company of Egypt, Asunim Solar from the United Arab Emirates (UAE) and I-kWh Company, an energy consultancy firm also based. New energy storage project in south sudan nicosia energy gy with the launch of its first large-scale solar power project. By investing in solar. Key Figures & Findings: South Sudan is embarking on a significant renewable energy transformation, with a new solar-plus-battery storage (BESS) project to address the country's alarmingly low energy access. An official opening was held in Gondokoro, near the city of Juba.

## South Sudan 6 000-acre energy storage project

### Energy storage for solar power South Sudan

Elsewedy Electric has signed a contract with South Sudan's Ministry of Energy and Dams to construct hybrid solar and storage system valued at approximately \$45 million.

### South Sudan: First major solar energy, BESS plant launched

A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is expected to provide ...

### South Sudan shifts to clean energy as Ezra Group launches a 20 ...

Ezra Group launches a 20-megawatt solar power plant and a 14-megawatt-hour Battery Energy Storage System in South Sudan. The project developed and run by the Ezra Construction and Development ...

### New energy storage project in south

## sudan nicosia energy storage

Ezra Group, a South Sudan family-run conglomerate, on Monday announced the launch of a 20-MW solar power plant with a 14-MWh battery energy storage system in South

## Solar Project Brings Power to South Sudan

Spearheaded by the Ministry of Energy and Dams in partnership with international developers, the initiative seeks to replace costly diesel generators and provide reliable electricity to underserved regions.

## South Sudan launches first solar plant with battery storage

The Uganda-South Sudan interconnector will run from the recently completed Karuma hydropower plant to Juba. This project has received funding from the African Development Bank (AfDB) and will be ...

## Solar park of 20 MW plus battery opens in South Sudan

Ezra Group, a South Sudan family-run conglomerate, on Monday announced

the launch of a 20-MW solar power plant with a 14-MWh battery energy storage system in South Sudan, marking the country's ...

## Juba Solar Power Station

There are plans to build new generation stations and to import electricity from neighboring Ethiopia, Sudan and Uganda, but the civil war has hindered progress in that direction.

## South sudan power storage project

A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is

## South Sudan's Milestone in Renewable Energy: First Major Solar Project

Spearheaded by Ezra Construction and Development Group Ltd., this initiative marks a historic milestone in South

Sudan's transition to sustainable energy.
