Enricher Holdings takes pride in offering state-of-the-art off-grid solar solutions in Sri Lanka that provide self-sufficiency, environmental benefits, and reliability to households and businesses across the island. What are Off-Grid Solar Solutions?

Off-grid solar solutions, also known as. “EnergyNet” by Hayleys Solar is an off-grid solar PV system with a battery backup which allows solar power generated during the daytime to be stored, making it ideal for usage during power outages, even during nighttime. With rising electricity costs, frequent power outages, and government. An off grid solar system is separated from the main grid electricity, therefore it requires battery storage to store power in day time.
