## Overview

---

This report includes summary data for the photovoltaic industry from annual and monthly respondents. Data include manufacturing, imports, and exports of modules in the United States and its territories. According to the latest information in 2025, photovoltaic products are mainly classified under Chapter 85, which is. In summary, the Domestic Content Compliance Report is primarily a U. artifact (IRA and EXIM Bank financing, which also requires certifying U. Where possible, imports and. The global solar energy market is thriving in 2025, with China maintaining its leadership as a top exporter of photovoltaic (PV) products.

## Standard solar module export

---

### Photovoltaic Module Export Guide: HS Codes, Declaration ...

Detailed explanation of the core rules for the export of photovoltaic modules, including HS classification (assembled modules under 8541430000), declaration elements, international FTA ...

### Top Indian Solar Panel Maker Sees US Trade Deal Reviving Exports

Saatvik Green Energy Ltd., one of India's top solar panel makers, said it expects the country's trade deal with the US to revive exports of solar products to the world's largest economy.

### Regulatory and Compliance Documentation for Solar Modules, ...

In sum, while solar/BESS exports from the EU mostly ship under general authorizations, companies ensure no controlled technology (and no sanctioned end-user) is involved, documenting this in ...

## Industry expects India-US trade deal to boost solar exports

The India-US trade deal enhances the cost-competitiveness of Indian-made solar cells and modules and will create a substantial new demand for high-efficiency domestic products.

## Annual Solar Photovoltaic Module Shipments Report

Data include manufacturing, imports, and exports of modules in the United States and its territories. Summary data include volumes in peak kilowatts and average prices.

## US India trade deal: Solar equipment makers recharge exports ...

Indian solar equipment exports to the US are set for a significant boost. Tariffs are falling, making Indian solar modules and cells more competitive. Companies are now planning to export ...

## How to Export Solar Panels to Europe and the US: Certifications and

For Chinese solar panel manufacturers aiming to expand into Europe and the US

in 2025, understanding the logistics, certifications, and compliance requirements is essential.

---

## Navigating Photovoltaic Export Codes: A 2025 Trade Compliance Guide

Ever tried explaining photovoltaic panel classifications to customs officials? It's like teaching quantum physics to a golden retriever - absolutely essential but painfully technical.

---

## Executive summary - Solar PV Global Supply Chains

Solar PV products are a significant export for China. In 2021, the value of China's solar PV exports was over USD 30 billion, almost 7% of China's trade surplus over the last five years.
