## Overview

---

Our solar battery cabinets are ideal for off-grid solar panel system, with the capacity to fit up to 10 batteries and options that can house both batteries and the inverter chargers. Available for immediate shipping to your home or business, all over Australia. No Break Supply- The SkyBox takes over the supply to the connected loads in a grid failure or when generator. Since any electrician can install it, you can save thousands compared to installing an off grid solar system, through an off grid installer or provider. The SkyBox is designed for both indoor and outdoor use and provides enormous upgradeable battery capacity in one cabinet. Please note that this device must be legally installed by a licensed electrician. Installation completed by any other unlicensed individual may result in serious injury or death of those operating or installing the device. Features Meets all Australian Standards for Remote Area Solar Systems, including the stringent.
