Tesla Solar Power Station in Germany

SOLAR PRO.

Overview

Tesla Giga Berlin sets a new global record with over 500 EV chargers in one EV charging hub—most powered by solar & free to use. Gigafactory Berlin-Brandenburg (also known as Giga Berlin or Gigafactory 4) [1] is a manufacturing plant for Tesla, Inc. in the municipality of Grünheide (Mark) in Brandenburg, Germany. [2][3][4][5] The campus is located 35 kilometres (20 mi) southeast of central Berlin and some 8 kilometres (5 mi). Tesla Giga Berlin boasts the world's largest free charging park. Visitors to Tesla's Gigafactory in Grünheide can't miss the sprawling network of 546 charging stations peppering the parking areas, dwarfing other global contenders. Hundreds of thousands of Model Y vehicles and millions of battery cells are manufactured at Gigafactory Berlin-Brandenburg. Now the US-based electric automaker is working to double its vehicle production capacity at.

Tesla Solar Power Station in Germany
