The role of emergency communication mobile base stations

The role of emergency communication mobile base stations

Energy efficient deployment of aerial base stations for mobile ...

Recently, the concept of base stations on low altitude platforms (LAPs) attracted researchers' attention for emergency communication and the digital divide in under-developed areas. ...

An Independent UAV-Based Mobile Base Station

Moreover, these results confirm that the UAV-based mobile base station prototype can serve as a viable alternative to the existing mobile base stations lost, and it provides sufficient data communication ...

Movable Base Stations in Mobile Networks for Emergency Communications

The main outcomes of the ABSOLUTE project are described in terms of network and system architecture, regulations, and implementation of aerial base stations, portable land mobile units, ...

Transportable base station for

emergency communications

Access to reliable communications services is a key factor in any emergency situation. ASTRI has succeeded in producing a mobile base station that allows for cost-efficient, low-latency, ...

Smart Unmanned Aerial Vehicles as base stations placement to improve

Abstract Future mobile communication networks need Unmanned Aerial Vehicles as Base Stations (UAVasBSs) with the fast-moving and long-term hovering capabilities to guarantee ...

Movable Base Stations in Mobile Networks for Emergency ...

Abstract--An emergency communication system is necessary for first responders, who need to enter areas with no network coverage or damaged network infrastructure due to natural or ...

Autonomous Relocation of Mobile Base Stations in ...

At the same time, unusual peaks in traffic load could lead to much higher blocking probability for critical

communication. A possible solution for such scenarios is through the use of mobile cellular base ...

A MOBILE-BASED LOCALIZATION SYSTEM FOR ...

The system facilitates coordination and communication among citizens and first responders by strategically positioning a few emergency mobile devices as temporary base stations. ...

Vehicle mounted base station: a mobile fortress for emergency communication

Vehicle mounted base stations, as a type of mobile base station, can be classified into multiple types based on their coverage and functionality. Compared with macro base stations, ...
