

# Three Gorges New Energy Storage wins the bid

## Overview

---

On 15 March 2024, the China Three Gorges Electronic Procurement Platform announced that the winning bidder for the design and construction of the 200MW/1000MWh vanadium flow battery energy storage project of the Three Gorges Energy Xinjiang Jimusar Optical Storage Project is: Shanghai. On 15 March 2024, the China Three Gorges Electronic Procurement Platform announced that the winning bidder for the design and construction of the 200MW/1000MWh vanadium flow battery energy storage project of the Three Gorges Energy Xinjiang Jimusar Optical Storage Project is: Shanghai. Recently, Houpu Clean Energy Group Engineering Technology Co. has achieved another success following its successful bid for the Bachu Distributed PV Hydrogen Production, Storage, and Refueling Integrated Project in Xinjiang not long ago. The Three Gorges Energy Xinjiang Jimusar Solar Storage Project 200MW/1000MWh Al. Jingao, Tongwei, Jingke and other five enterprises won the bid for the Three Gorges component collection. On September 13, the Three Gorges Group. On September 11, China Three Gorges Renewables announced that as of the first half of 2025, the company had 13.82 GW of capacity under construction, including 10. Of this, onshore wind, offshore wind, and solar PV accounted for 27%, 26%, and 47% respectively.

## Three Gorges New Energy Storage wins the bid

---

### Wugangpan won the exclusive bid for a new energy storage ...

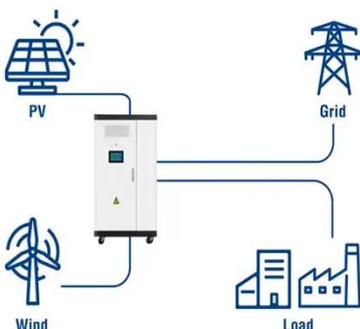

The main project is a 60MW/240MWh clean compressed air energy storage power generation demonstration power station and gas storage. As a new energy storage demonstration ...

### 200MW/1000MWh all-vanadium liquid flow energy storage! Three Gorges

On December 8, the announcement of the design and construction general contracting project of the 200MW/1000MWh all-vanadium liquid flow energy storage project of Three Gorges Energy in Jimsar, ...

### Utility-Scale ESS solutions

### China Three Gorges Renewables' Installed and Pipeline New Energy

China Three Gorges Renewables also noted that it is actively exploring new energy storage technologies through research and demonstration projects. Its completed and ongoing new ...

## **CITIC Bo and three other companies won the bid for the Three Gorges ...**

[Four Companies Including Jiangsu Zhongxinbo Won the Bid for the Three Gorges 2GW Fixed Bracket Centralised Procurement Order] On February 25, the winning bid results for the second batch of the ...

## **200MW/1000MWh! Announcement of Candidates for Winning the**

According to the previous bidding announcement, the bidder for designing and constructing the 200MW/1000MWh vanadium flow battery energy storage project of Three Gorges ...

## **Green Hydrogen Project Tracking--Hopu Engineering ...**

It is a comprehensive demonstration project integrating green power generation, hydrogen production, hydrogen storage, hydrogen refueling, and transportation applications.

## **5GW! Jingao, Tongwei, Jingke and other five enterprises won ...**

The company's large storage project reserves 26 gigawatt hours, and has signed contracts with orders in hand amounting to \$2.1 billion, including long-

term service contracts.
