# **Tuvalu s new outdoor power supply**

## Overview

---

In May 2024, Tuvalu completed its first large-scale solar farm and a two-megawatt-hour battery storage system on its main island, Funafuti. Learn how renewable energy solutions are transforming island communities. Image: United Nations Development Programme Pacific Office Located. The Tuvalu Electricity Corporation (TEC) wishes to inform all residents that temporary power shedding will be implemented across affected areas due to a shortfall in available generation capacity. Recent technical challenges and scheduled maintenance have reduced the output of our power generation. Tuvalu has taken a significant step forward in its energy transition with the successful completion of the country's inaugural floating solar photovoltaic system at Tafua Pond in Funafuti. The system, installed through the Facilitation of the Achievement of the Sustainable National Energy Targets. If you're exploring portable energy storage solutions for off-grid living, disaster preparedness, or eco-tourism in island nations, you've likely searched for the Tuvalu portable energy storage power supply price list.
