

Various data of solar panels

Overview

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. Welcome to Global Solar Atlas v2. Select sites, draw rectangles or polygons by clicking the respective map controls. Calculate energy production for selected sites. photovoltaic (PV) facilities with capacity of 1 megawatt or more. The utility-scale data covers all operating solar farm phases with capacities. NASA POWER provides solar and meteorological data from satellite observations and models to help worldwide users respond to challenges and societal needs.

Various data of solar panels

Global photovoltaic solar panel dataset from 2019 to 2022

We developed a new method to identify PV panels globally, producing an annual 20-meter resolution dataset for 2019-2022.

The U.S. Large-Scale Solar Photovoltaic Database

It includes corresponding PV facility information, including panel type, site type, and initial year of operation.

2MW / 5MWh
Customizable

Global Solar Power Tracker

Global Solar Power Tracker The Global Solar Power Tracker is composed of worldwide facility-level data on utility-scale (1 MW+) solar photovoltaic (PV) and ...

Global Solar Atlas

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. It is provided by the World Bank Group as a free service to governments, developers and the general ...

Solar Energy Statistics By Country, Costs And Economics

Based on satellite data from Stanford researchers, over 1.47 million solar panels are in use across the 48 states. Even though renewable energy is growing fast, IRENA says the world is ...

NASA POWER , Data Access Viewer (DAV)

The NASA POWER project's Data Access Viewer (DAV) is an interactive web-mapping application providing access to NASA solar and meteorological data.

Data and Tools , Solar Research , NLR

Browse or search this comprehensive listing of data and tools for analyzing photovoltaic (PV) and concentrating solar power (CSP) technologies, solar

grid and systems integration, and ...

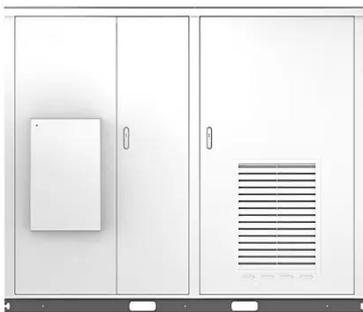

Solar Industry Research Data - SEIA

Solar energy in the United States is booming. Along with our partners at Wood Mackenzie Power & Renewables, SEIA tracks trends and trajectories in the solar industry that demonstrate the diverse ...

Solar

35 Latest Solar Power Statistics, Charts & Data [2026]

With the help of charts and key statistical data, we reveal the latest 2026 solar power statistics that demonstrate how the industry has grown and

35 Latest Solar Power Statistics, Charts & Data [2026]

Find up-to-date statistics and facts on the global solar photovoltaic industry.
