# **Where are the EMS communication base stations installed in Syria**

## Overview

---

there are now multiple radio stations broadcasting for the Syrian people. Radio: 14 AM, 11 FM, and 1 shortwave stations in 1998. [3] Other private radios are for example: Melody FM, Sham FM, Radio Arabesque, Mix FM Syria, Rotana. In Syria, the government-owned Syrian Telecom Establishment (STE) exclusively provides infrastructure for all kinds of telecommunication. Syria's mobile telecommunication market is split between two companies, MTN and Syriatel, the latter run by Rami Makhlouf, arguably the most powerful economic. Telecommunication systems: general assessment: Syria's telecom sector has paid a heavy toll from years of civil war and destruction leading to major disruptions to the network; operators focusing on rebuilding damaged networks, though lack of basic infrastructure, including power and security. international: country code - 963; submarine cable connection to Egypt, Lebanon, and Cyprus; satellite earth stations - 1 Intelsat (Indian Ocean) and 1 Intersputnik (Atlantic Ocean region); coaxial cable and microwave radio relay to Iraq, Jordan, Lebanon, and Turkey; participant in Medarabtel. From global network centres of Telstar, we work together in a coordinated manner and in close association with the global centres of excellence and the rest of the subsidiaries to offer an immediate and successful response to the international markets. In this context, from all Telstar subsidiaries. Damascus: The Ministry of Energy of the Syrian Arab Republic and ACWA Power, the world's largest private water desalination company, a leader in the global energy transition, and a first mover in green hydrogen, announced the signing of a Joint Development Agreement (JDA) to study develop.
