Where can I buy photovoltaic panels for free

CE UN38.3 

Overview

The federal government does not provide free solar panels, but many states and utilities offer incentives that can reduce the cost of going solar. You can install solar panels on your roof with no upfront cost by signing a lease or PPA or taking out a \$0-down loan. However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant. There's no such thing as free solar panels.
