# **Where is the Port Moresby power signal tower base station**

## Overview

---

The 58MW Port Moresby Power Station is PNG's first dedicated grid-connected gas-fired power plant and is located in the Hiri West of Port Moresby near the PNG LNG project plant site. The construction groundbreaking ceremony happened in August 2017. In December 2017, land clearing, preparation, grading and compaction for the site office area were done. Unit-level coordinates (WGS 84): CHP is an abbreviation for Combined Heat and Power. Addressing PNG's unreliable and unaffordable network, the Electricity Industry Policy has set a clear target to make the nation. Port Moresby Power Station (POM Power Station) was inaugurated by the Hon. SITE FACILITIES Power Mains power provided with limited UPS facility.
