

Which companies are involved in Brazil's energy storage power plants

Overview

The document presents a comprehensive list of the top 10 energy storage companies including Baterias Moura, BYD, Freedom Won, Blue Nova Energy, Intelbras, Huntkey, FIMER, SMA Solar, Sungrow, and SolarEdge. Each company is profiled with a brief history, its global headquarters, and its primary offerings in the energy storage market. It also discusses the growth of Brazil's optical storage market, driven by policies and incentives that have led to a surge in demand and installed capacity, making Brazil. Large international companies operating in this market include Spanish firm Ibedrola and Italian company ENEL. This segment sees annual investment of around \$4 billion per year, 69% of which is in expansion, 19% in improvement and 12% in renewal of distribution networks. In 2022, hydropower accounted for 63% of Brazil's total electricity generation (Energy Institute, 2023), making it one of the world's least carbon-intensive energy sectors. We energized the country's first project in 2022 at the Registro Substation (SP), one of the facilities responsible for supplying electricity to the southern.
