Overview

We'll explain how solar leases and power purchase agreements (PPAs) work, what a UCC-1 filing really is (and why it's usually nothing to panic about), and how to spot red flags in solar contracts before you sign. Solar panel agreements are significant, long-term financial commitments that lock homeowners into terms that can span two decades or more. These contracts, whether a lease, loan, or Power Purchase Agreement (PPA), carry different obligations and consequences for termination. Understanding the. A 78-year-old Houston woman spent her final days overwhelmed with fear and stress, believing she might lose her home over a solar panel contract she said she didn't understand. Delores Wigal, a mother, grandmother and retired school bus driver for children with special needs, had just been placed. AB 942, authored by a former SoCal Edison executive, would have broken 2 million rooftop solar contracts and punished solar users just for putting panels on their roof. It would have applied to all solar customers who signed up for solar before April 2023 (NEM1 and NEM2).
